What's our Bridal Beauty Package?

The Retreat Bridal Beauty Package brings together your hair, makeup, nails and spray tan into one seamless, fully managed booking. This means you can enjoy a complete, coordinated beauty plan without the hassle of juggling multiple suppliers.

What's the difference between booking the Bridal Beauty Package and booking multiple suppliers?

One booking. One point of contact

Booking individual hair & beauty services often means managing several conversations, contracts and schedules. We bring everything together under one booking, one timeline and one point of contact, so nothing gets missed and everything flows effortlessly.

Backup stylist coordination

Even with the best planning, sometimes hair & makeup artists are unwell or have to cancel last minute which can add extra stress on your wedding morning. We offer a full backup artist guarantee and ensure a seamless replacement with a carefully selected stylist who aligns perfectly with your vision, style, and requirements.

Managing the morning schedule

Wedding mornings can become busy, especially with multiple services happening at once. We design and manage a clear, structured timeline so everyone knows what's happening and when. This creates a calm, organised environment from start to finish.

Support behind the scenes

With separate bookings, queries and changes often need to be handled individually. We manage communication, scheduling and any adjustments for you, so you're free to focus on enjoying the lead-up to your day.

By bringing everything together into one thoughtfully managed service, we ensure your wedding morning feels as beautiful and considered as the rest of your day.

How does the booking process work?

From your first enquiry to your wedding morning, every step is thoughtfully managed to feel simple, organised and completely stress-free.

Initial enquiry

Once you get in touch, we'll discuss your wedding plans, your vision, and the size of your bridal party.

Your bespoke proposal

You'll receive a personalised beauty plan designed around you, outlining the services included, along with a clear overview of how everything will work in the lead-up to your wedding.

Securing your date

Once you're happy to proceed and have paid a deposit, your date is secured and we begin planning your full beauty schedule, so everything is in place from the very beginning.

Bridal trials

Our stylists refine your hair & makeup look together, ensuring every detail feels like you, so you feel confident and completely comfortable ahead of the day. We can also organise trial runs for your nails and tanning ahead of your wedding.

Pre-wedding beauty schedule

We carefully plan your pre-wedding treatments to ensure everything is timed perfectly. Services such as nails and tanning are scheduled in the days leading up to your wedding. These can be done in the comfort of your home (or, for destinations weddings, your holiday accommodation), or you are welcome to come to the Retreat beauty studio in Perranporth.

Your wedding morning timeline

For the day itself, we create a clear, structured schedule for hair and makeup, ensuring a calm and seamless flow. Every detail is considered, so you and your bridal party can relax and enjoy the experience.

Effortless from start to finish

With everything organised for you, from trials to treatments to your wedding morning, you can trust that every detail has been carefully planned. All that's left for you to do is enjoy it!

The impact of wedding stress

In the lead-up to your wedding, there's a lot to hold: timings, suppliers, expectations and the pressure for everything to feel just right.

Even when everything is planned, it's often the smaller details that create the most mental load: confirming bookings, coordinating schedules, and making sure everyone is aligned. It can quietly build into a sense of overwhelm, leaving you feeling more "on duty" than able to fully enjoy the experience.

And on the morning itself, that pressure can show up in subtle ways: feeling rushed, distracted, or unable to be fully present in those special moments with your bridal party.

How we take that weight away

The Retreat Bridal Beauty Package is designed to remove that mental load entirely.

We take care of the booking, planning, scheduling and the coordination, bringing everything together into one clear, structured plan. You're not chasing messages, managing timings, or worrying about what happens next.

Instead, you can step into a morning that feels calm, organised, and fully taken care of.

You'll have the space to slow down, enjoy the moment and feel confident that everything is running exactly as it should. Because it is.

Where do we work?

Our stylists are all based in Cornwall and they will travel to wedding venues all over Cornwall. However, if your wedding is a little further afield in the South West, please get in touch and we'll do our best to accommodate you.

What about short-notice weddings?

If your wedding is approaching and you're worried it may be too late to book, please don't panic.

We regularly support brides on shorter timelines and will always do our very best to accommodate your date. With our network of trusted, experienced stylists, we're often able to bring together a team even at short notice.

While availability can't always be guaranteed, we'll be honest, proactive, and committed to finding the best possible solution for you, so you can still enjoy a calm, well-organised wedding morning.

Saturday weddings: the finer details

The Bridal Beauty Package is available for mid-week and weekend weddings. However, due to the popularity and availability of weddings on a Saturday in Cornwall, we require a minimum of four people from the bridal party per booking for both hair & makeup (e.g. one bride and three bridesmaids). This means that, for a wedding on a Saturday, the cost of the package will be **£650** for the bride plus additional hair & makeup fees (see costs above) for the remaining three bridal party members.
