## What is the Elopement Beauty Package

The Retreat Elopement Beauty Package brings together your hair, makeup, nails and spray tan into one seamless, fully managed booking. This allows you to enjoy a complete, coordinated beauty experience without the stress of managing multiple suppliers or organising separate appointments.

## What is the difference between booking this package and booking services individually?

### **One booking. One point of contact**

Booking individual hair and beauty services often means managing multiple conversations, timings and suppliers. With the Elopement Beauty Package, everything is brought together under one booking, one schedule and one point of contact. This keeps your planning simple and clear.

### **Backup stylist coordination**

Even with the best planning, sometimes hair & makeup artists are unwell or have to cancel last minute which can add extra stress on your wedding morning. We offer a full backup artist guarantee and ensure a seamless replacement with a carefully selected stylist who aligns perfectly with your vision, style, and requirements.

### **Tailored elopement scheduling**

Even without a bridal party, your beauty timings still need careful planning. We create a structured schedule for your wedding morning so everything flows smoothly and feels relaxed from start to finish.

### **Organised pre-wedding preparation**

In the lead-up to your elopement, we coordinate your nails, spray tan and any other beauty appointments in the correct order and timing. This ensures your overall look is consistent, natural and perfectly prepared for your wedding day.

### **Support behind the scenes**

We manage all communication, scheduling and coordination so you do not need to contact artists or manage logistics. Everything is handled for you in advance so you can focus on your wedding experience.

# our elopement beauty package

## What does the Elopement Beauty Package include?

The Retreat Elopement Beauty Package includes:

- Bridal hair (including optional trial)
- Bridal make-up (including optional trial)
- Bridal nails (choice of gel polish, builder gel (BIAB) or gel extensions)
- Bridal spray tanning
- Pre-wedding consultation to confirm all booking details
- Backup artist coordination in case of illness or last-minute cancellations
- Optional bridal party add-ons

The package is thoughtfully designed with the bride in mind. However, if you'd like to include additional members of your bridal party, we can create a bespoke package tailored to your elopement, featuring any combination of the following (see below for an guide on costs for these):

- Mother of the Bride
- Mother of the Groom
- Bridesmaids
- Flower girls
- Groom and groomsmen
- Bridal party members

# our elopement beauty package

## How much does the package cost?

The cost to cover all of your wedding beauty in one booking is **£450.00**. If you'd like to add additional members of the bridal party to your booking at an additional cost then the approximate costs are shown below:

- Gel polish manicure: **£35** per person
- Builder gel (BIAB): **£45** per person
- Nail extensions: **£55** per person
- Full body spray tan: **£35** per person
- Hair styling: approximately **£60** per person (costs vary depending on whether it's for the mother of the bride, flower girl etc)
- Makeup: **£60** per person (costs vary depending on whether it's for the mother of the bride, flower girl etc)

## How does the booking process work?

From your first enquiry to your wedding morning, every step is thoughtfully managed to feel simple, organised and completely stress-free.

### **Initial enquiry**

You share your elopement plans, location and preferred date.

### **Your bespoke proposal**

We create a tailored beauty plan covering all treatments and timings.

### **Securing your date**

Once your deposit is paid, your date is secured and planning begins.

### **Pre-wedding beauty services**

We organise all treatments that take place before your big day, including nails and tanning.

### **Wedding beauty services for your big day**

We create a clear, structured timeline for your elopement morning and our team of artists will arrive at your home, wedding venue or holiday accommodation to get you ready for a special day ahead.

## The impact of wedding stress

In the lead-up to your elopement, there are still many details to consider, including timing, travel and preparation. Even with a simple wedding, these small decisions can create mental load and take away from the experience.

Without structure, it can feel like you are managing multiple elements at once, which can make it harder to fully relax and enjoy the moment.

On the morning itself, this can lead to feeling rushed or distracted rather than present.

## How we take that weight away

The Elopement Beauty Package is designed to remove that pressure completely.

We manage your beauty planning, scheduling and coordination in advance so everything is clearly organised before your wedding day.

You do not need to manage bookings, chase suppliers or worry about timings. Instead, everything is structured for you.

On the day, you can simply follow a clear, calm schedule knowing everything is already taken care of.

This allows you to slow down, feel present and enjoy your elopement without distraction.

## Where do we work?

We provide elopement beauty services across Cornwall and the South West. Destination elopements are available on request.

We travel directly to your accommodation or elopement location so everything is flexible and convenient.

# our elopement beauty package

## What about short-notice elopements?

If your elopement is approaching quickly, please still get in touch.

We regularly support short-notice bookings and will always do our best to accommodate your date. With an experienced network of stylists, we can often still create a well organised and calm experience even at short notice.

## Mid-week elopement bookings

The Elopement Beauty Package is available for mid-week weddings only.

This allows us to offer a more focused and flexible service for intimate wedding days, where the pace is slower and the experience feels more personal.

Mid-week dates also ensure better availability, smoother scheduling and a calmer overall experience, particularly for on-location elopements across Cornwall and the South West.

If you are planning a weekend elopement, please still get in touch as availability may occasionally open up, but mid-week bookings are our standard for this package.

## Let's plan your elopement

If you'd like to talk more about your elopement, please get in touch with Silvia Dunn to book an introductory call:
